February 2023

MESSAGE FROM THE EXECUTIVE DIRECTOR

February has always been considered the month of love. Valentine's Day is on February 14. For over 1,500 years, this day has been a celebration of love and affection for couples young and old.

The wonderful couples who reside in our community have respectively been married for many years. It is truly remarkable. They are an inspiration to young couples everywhere who wish for a lifetime of love and happiness together.

Some things are worth saying twice, like "I do." So, on Valentine's Day, our loving couples will participate in a non-denominational mass ceremony to renew their wedding vows.

Our community is full of love and affection for each other throughout the year. Let's share the love on Valentine's Day by attending this special occasion.
