MESSAGE FROM THE EXECUTIVE DIRECTOR

As the holiday season is upon us, we welcome the joy and happiness it brings. It is that special time of the year when we renew the spirit of faith, peace, and giving which has always marked the character of CountrySide Lakes residents.

The true meaning of Christmas resonates throughout our community as do the warm lights of Hanukkah. We come together as one family under God binding ourselves as a community of hearts.

To experience the spirit of the season is to see our residents decorate Christmas trees, sing carols, display door wreaths, and light menorah candles.

While our residents have enjoyed decades of holiday seasons, I have had the pleasure of sharing them with you the past six years. Without a doubt, this year is exceptionally special thanks to the most caring and giving residents to date and staff members who perform with unrivaled dedication.

May love and happiness be yours this season and the beauty of the holidays warm your spirit.
