MARCH 2026

Message from the Executive Director

The first Friday in March is when we formally express appreciation to all the employees who maintain the high standards of our community with dedication and professionalism.

Our health services team provide around the clock personalized care services while the culinary team serve over 400 hot meals daily.

The environmental services staff keep the building clean, safe, compliant, and in good condition. Administration handles a countless number of business affairs.

The concierge team manages phone calls, meal orders, community mail, and medical appointment scheduling while drivers transport residents to the appointments and take care of our vehicles.

Our Activities Director organizes multiple activities, fun parties, and interesting events on a daily basis.

The marketing department promotes our community, fills apartments with wonderful new residents, and handles a myriad of items such as activities support, decor, and so much more.

No department here works alone. We are indeed a team in the true sense of the word, supporting and caring for each other in one common goal of providing the finest level of care and support for the people who reside here. We are truly one family.

Many thanks and much love to all of our CSL employees.

Everyone is Irish on St. Patrick's Day including CSL Mayor DAVID TANAJES

Happy Birthday

Employee of the Month

Angelica is proud to be an American of Mexican descent. She came to the U.S. as a teenager and forged a 27 year career as a med tech/caregiver.

In addition to being a vital member of our nursing team for the past seven months, Angelica has an active on-line unique reseller business.

A graduate of Spruce Creek High School, Angelica and her husband have three children ages 6, 9, and 14 who keep her busy with their cello, football, and dance schedules.

Angelica loves our residents and says CSL feels like home.

ANGELICA ZBINDEN

Congratulations!

Resident Spotlight

KATHY HAWK has lived at CountrySide Lakes for five years and says she "loves everything about it especially all the activities and weekly lunch bunch".

A former Guidance Counselor for ten years with the Volusia County Schools, Kathy obtained a Masters Degree in counseling from Walsh University and an undergraduate degree from Penn State in business education.

It was at Penn State that Kathy went on a blind date with a charming upper classman George Hawk. It was literally love at first sight. In fact, Kathy told her sorority sisters she knew she would marry him one day. Shortly after she graduated from Penn State, Kathy and George tied the knot.

The Hawks lived in Ohio for several years before moving to Ponce Inlet. When there were changes in their health, they decided it was the right time to consider senior living. Selecting CountrySide Lakes was not a difficult decision since Kathy's parents had lived here in the 1990's.

Kathy was born and raised in suburban Philadelphia. Ask her where she is from and she instinctively adds "Go Eagles".

Residents are fond of Kathy because she is a positive person who is never judgmental of others. Instead, she has fun participating in and helping out with activities.

Thank you Kathy. We love you!
